Carroll County Department of Fire & EMS welcomed 16 new employees on March 2nd! The 12 Station Lieutenants will be supervisors at Westminster, Sykesville and Mount Airy fire stations. The 4 Shift Commander Lieutenants will work in the field and oversee the department during their 24 hour shifts. County staffing of fire stations will begin in the next few months. Until then, the 16 Lieutenants will be busy assisting with the multi-step hiring process that is already underway for the 76 additional field positions for this fiscal year. The hiring of these Lieutenants is a big step forward in the implementation of a combination career/volunteer fire and EMS system for Carroll County. **Congratulations** guys on being a part of Carroll County history!
